

HINGED DOOR

STANDARD FEATURES

Accelelevation Hinged Doors help create a securely accessible area within your space. Hinged Doors offer simple and maintenance free operation. Doors are available in many standard widths and heights. They can be ordered swing-out, swing-in, and left or right hand opening. The standard configuration includes a gate style latch with keyed access. This can be combined with an optional electric strike latch for increased access control.

- Gate Latch, Keyed Access
